Credit Capital (bills payable, accounts on long time, etc.) includes all money that the firms or corporations have had the use of through the giving of notes or the obtaining of credit for a long time either for goods or money. The Total Capital invested includes the whole amount of money invested in plant, goods, and accounts, and the cash and borrowed money which were needed and used in the production of goods.

## STOCK USED: BY TOWNS.

[The designation, an asterisk and dash (\*—), indicates that figures have been intentionally omitted in city or town presentations in order to avoid disclosing the facts concerning individual establishments. These figures are, however, included in the county and State totals. Owing to the large number of columns used in this presentation it has been found necessary to extend the column headings, for each section of cities and towns, across three pages; for instance, the facts for the towns in the counties of Barnstable and Berkshire, and to and including the city of New Bedford in the county of Bristol are given upon pages 141, 142, and 143; other sections include the following groups of pages:—144-146, 147-149, 150-152, and 153-155. The figures for a few towns in the county of Worcester are given complete on page 156, and the complete State recapitulation is shown on page 157.]

## STOCK USED: BY TOWNS.

[The designation, an asterisk and dash (\*—), indicates that figures have been intentionally omitted in city or town presentations in order to avoid disclosing the facts concerning individual establishments. These figures are, however, included in the county and State totals. Owing to the large number of columns used in this presentation it has been found necessary to extend the column headings, for each section of cities and towns, across three pages; for instance, the facts for the towns in the counties of Barnstable and Berkshire, and to and including the city of New Bedford in the county of Bristol are given upon pages 141, 142, and 143; other sections include the following groups of pages:— 144-146, 147-149, 150-152, and 153-155. The figures for a few towns in the county of Worcester are given complete on page 156, and the complete State recapitulation is shown on page 157.]

## STOCK USED: BY TOWNS.

[The designation, an asterisk and dash (\*—), indicates that figures have been intentionally omitted in city or town presentations in order to avoid disclosing the facts concerning individual establishments. These figures are, however, included in the county and State totals. Owing to the large number of columns used in this presentation it has been found necessary to extend the column headings, for each section of cities and towns, across three pages; for instance, the facts for the towns in the counties of Barnstable and Berkshire, and to and including the city of New Bedford in the county of Bristol are given upon pages 141, 142, and 143; other sections include the following groups of pages:—144-146, 147-149, 150-152, and 153-155. The figures for a few towns in the county of Worcester are given complete on page 156, and the complete State recapitulation is shown on page 157.]
